April 2025

We will meet at the Clubhouse on for the April 10th club meeting. Bring a comfortable folding chair as we are still developing a furniture plan to replace what was destroyed in TS Helene.

RANGE UPDATES

We were able to contract with Moretz Paving to gravel the roads and fix erosion from TS Helene. The gravel will slowly compact with vehicle traffic and spring rains. The club used forty dump trucks of gravel to fix the damage. The funds authorized in March were used judiciously.

Make sure to drive at 10mph on the driveway into the Club. We will be installing two rubber speed bumps.

Club House has a heater and electricity. The walls have been patched and painted. We still have to get new bathroom fixtures and the office area rebuilt. The portable restroom is the solution for now.

NEW MEMBERS

The following folks have started the process to join the Club:

- Pat Stevenson
- Ben Sever

DISCIPLINE UPDATES

This month the various disciplines restart their competitions. The trap / skeet teams are still wrestling with hardware and infrastructure challenges, due to TS Helene. Steel Challenge and Defensive Pistol clubs are ready to host.

RANGE UPDATES (CONT)

Great work by the Treasurer Donny in procuring a 40' storage container to replace the building destroyed by TS Helene. The discipline teams will use this to store the hardware for the matches.

We are still trying to find an electrical company that has the technical expertise to fix the badge reader and get the gate functioning again. Linked to that effort, we have to buy replacement badges and program them for the new members, and any current members that have lost theirs.

Work day this Saturday, April 5th from 9AM to 1PM. Bring yard work tools, wheelbarrows, and plenty of water. Dan Lofaro is the point of contact at lofarodaniel@yahoo.com.

HUGE THANKS TO THE WORK CREWS!

A crew of volunteers has contributed their time and muscle to fixing the Clubhouse and ranges. We are planning a cook out to celebrate their hard work and the re-opening of the Club. More to follow!
