December  
2024

We will meet at the **Boone Optimist Club** (1012 State Farm Rd) for our December meeting. The clubhouse is by the baseball fields across State Farm from the Watauga Athletic Center.

---

## RANGE UPDATES

The **easement / driveway /** clubhouse area took over 20 loads of gravel to repair. Sadly, there are still a few potholes we'll need to repair in the Spring.

**Club House** is fully cleared out – once a new heater is installed, we'll coordinate a workday(s) to patch and paint the interior walls.

Otherwise, the rest of the ranges are open with some heightened awareness for your safety.

**Trap throwers** have completed their testing / service which has graciously been donated – soon to be reinstalled!

You'll have additional updates at the December meeting.

---

## OFFICER NOMINATIONS

The following members are the current slate of officers for the upcoming year:

- Morgan Shaw - President
- Daniel Tollison – Vice Pres.
- Jenna Isenhour – Secretary
- Donny Mciver – Treasurer
- Terry Julian – Chief Instructor
- Marc Scott – Range Officer
- Jim Brannham – Pub. Officer

*If you are interested in serving on the Executive Committee, submit your name for nomination via e-mail – we will vote on each position at the December meeting.*

---

## DECEMBER MEMBER MEETING

We will provide additional range updates and present any items needing votes for approval.

In addition, extra thought is being expended to how we repair the clubhouse to better withstand future flood potential.

---

## VERY THANKFUL

We are very thankful to several members for their tireless work to assist the repairs to date. In addition, we want to thank Bobby and Aiden for the massive project they coordinated – and hope to have additional details about all of their helpers (other scouts, Hunter Safety Skills teammates and associated parents).

His efforts were not alone, the club has been well served by numerous members volunteering on several days along with some outstanding cadets from App State – many hands truly has made quick work of several projects – THANK YOU all!

---

## WE NEED YOUR HELP!

There will be much work to be done still – closer to Spring to get fully back in operation. Kindly reply / email the publicity officer to stay on the work crew lists.
