

# WGC Newsletter

February  
2025

We will meet at the **Boone Optimist Club** (1012 State Farm Rd) for our February meeting. The clubhouse is by the baseball fields across State Farm from the Watauga Athletic Center.

---

## RANGE UPDATES

The Club House has a heater installed. Special thanks to Marc Jones for his time and energy on this effort.

We are still getting a plan for painting, installing the toilets, and rebuilding the office space.

Otherwise, the rest of the ranges are open with some heightened awareness

---

## ANNUAL MEMBERSHIP RENEWAL

We had a great turnout on the Annual Membership Renewal drive this year. Our system for renewing by January 31st is working.

---

## MARCH MEETING

We will provide additional range updates and present any items needing votes for approval.

In addition, extra thought is being expended to how we repair the clubhouse to better withstand future flood potential.

---

## TS HELENE RECOVERY EFFORTS

- Get the gate fixed with updated software that reads our badges.
- Get all security cameras back on line.
- Get the Club House fixed and working again.
- Get a flood proof storage container installed on the existing concrete pad.
- More gravel for the roads and parking area.
- Parking lot graded to smooth it out from frost heaving.

---

## WE NEED YOUR HELP!

There will be much work to be done still – closer to Spring to get fully back in operation. Kindly reply / email the publicity officer to stay on the work crew lists.
