

WGC Newsletter

September
2025

We will meet at the Clubhouse on for the September 11th club meeting. Bring a comfortable folding chair if you don't want to use the steel folding chairs. Members, wear your badge on the range. This will set the example for our new members.

RANGE UPDATES

Lots of updates here:

- The gate badge reader that was damaged in the lightning strike has been replaced.
- We have purchased 13 new closed circuit security cameras. A few of them are solar so they will still function if the power to club is down. We have taken advantage of camera technology. The cameras can "see at night", have better resolution, and some can pan and tilt remotely.
- We are installing the cameras on our own to save a few thousand dollars.
- We will share a way for members to log on and view the cameras once we are ready.
- The treasurer will provide more details at the club meeting.

DISCIPLINE UPDATES

Directors, have a great finish to your season!

POTENTIAL NEW MEMBERS

- None at this time.

FALL TRAINING EVENTS

- The Range Safety Officer (Marc) is researching a "Stop the Bleed" training event for the Club. Plan on it lasting about two hours. He will talk about the event and gauge interest at the Club meeting.
- The Chief Trainer (Terry) is researching a one day Range Safety Officer course for a weekend in the fall. We will use the current NRA curriculum, as we are an NRA club. If you are a Member who is certified to teach the course, look at your availability and link up with Terry.
- Club Christmas Party. The Club's BBQ picnic was a great success. We are interested in planning the Club Christmas party. This event was a popular event before the Covid Pandemic. Are the members interested in attending this traditional event this year? Be prepared to discuss.

LEADERSHIP UPDATES

- The Range Safety Officer (Marc Scott) has been promoted to Club Vice President. He was voted into the role by the EC. Dan Tollison had to resign for a health issue.
- We are revising the qualifications desired for serving as a Club Officer. Folks that volunteer for a one year position have to possess certain skills on Day 1. These skills will protect the Club. Jenna (Club Secretary) will discuss at the Club meeting.
- Start thinking about serving as a Club officer in 2026. The positions are:
 - President
 - Publicity Manager
 - Range Safety Manager

ADMIN NOTES

- We are coordinating for a new Coke machine. The machine will be in the Clubhouse.
- The Treasurer has a new batch of hats for sale. He will bring them to the Club meeting. Getting the Club's logo stitched onto a shirt or hat of your own is only \$20.00.
- The Club has started a subscription to Quickbooks for our budget management. This will move us beyond MS Excel

spreadsheets. Members will receive an invoice over the internet for dues renewal.
